# CEMENT TILES

## MADE WITH LOVE

Each tile is shaped, coloured and pressed by hand. With old classics, new graphic forms and an unlimited colour palette, the cement tile fits in any interior style.

The cement tile is suitable for indoor and outdoor use, on the floor and on the wall.

## FOR A LIFETIME

The cement tile is not baked but pressed, the marble colour layer makes the tile sensitive to aggressive products such as acid or bleach. Install the cement tile with acid-free products and treat it with Azule impregnation products for a lifetime of use. At purchase, you will receive a step-by-step installation and treatment manual.

## CLEANING

Clean the cement tiles weekly with Azule Dweilzeep. After mopping, this product leaves behind a paper-thin new layer of impregnation. So the tiles will remain beautiful for even longer. You can also use green soap or another natural cleaning product.

### **TIP 1: ROOMVO TEGELVIEWER**

Take a picture of your floor and choose a tile in our tileviewer.

This will give you a good idea of how the tile fits into your space.

### **TIP 2: CEMENTTILEPLANNER**

With our cement tile planner, you can calculate how many tiles you will need for your floor, how the pattern will look, and you have a floor plan for the tiler right away! Of course, we are happy to help you to create your floor plan in the shop.

[www.cementtileplanner.com](http://www.cementtileplanner.com)

### **TIP 3: ORDER A SAMPLE**

Through our website, you can simply order a sample of a tile. You can have it delivered to your home or pick it up at one of our showrooms. Match it with the rest of your colour palette or lay it on the floor in the room where you want to place it to make sure it is the right choice.
